THE SCREENINGPACK™ FROM RESPIRONICS.**

# THE SCREENINGPACK™ FROM RESPIRONICS IS DESIGNED TO HELP YOU MANAGE YOUR WAITING LIST...

## SCREENINGPACK™ FROM RESPIRONICS

It's an easy, simple and cost-effective way of screening your patients for sleep disordered breathing in the comfort and convenience of their own home.

In fact it's so easy, all you need to do is make one call. We'll do the rest.

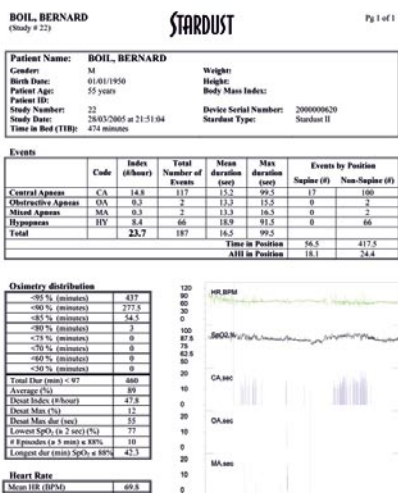

After your patient has been screened we will send you a full validated report including oxygen saturation, heart rate, airflow and effort as well as body position and respiratory events. You then make your diagnosis - Its that simple.

Think of the ScreeningPack™ as an extra pair of hands just when you need it. There's no contract and no long-term tie-in. One call, one report, your diagnosis.

The ScreeningPack™ is part of the SupportPack™ offering from Respironics UK.
